

Youssef Mohamed Abdelmaksoud

Giza, Egypt | ☎ +20 106 570 8928 | ✉ yousefmagdy5@gmail.com

Junior Cybersecurity Analyst with hands-on experience in threat detection, incident response, and SIEM operations. Strong background in networking, SOC monitoring, and security device administration. Skilled in identifying vulnerabilities, improving security posture, and supporting enterprise environments. Actively developing technical expertise and committed to continuous learning.

Education

Staffordshire University
Bachelor of Science in Cybersecurity

2019 – 2023

Experience

Freelance IT Support Engineer **Moca Spaces**

Implemented and configured access control systems to secure facility entry points. Managed email domain migration, ensuring seamless continuity of business communications. Administered Windows Server environment and maintained regular data backups to safeguard company assets. Diagnosed and resolved hardware and software issues across employee laptops, minimizing downtime and maintaining productivity. Coordinated with Winfi, the organization's Wi-Fi provider, to troubleshoot and resolve network connectivity issues affecting day-to-day operations.

Clash – Esports

Jul 2025 – Apr 2026

Configured and managed VLANs and network segmentation. Administered Kerio Control and MikroTik firewalls. Managed Active Directory users, policies, and authentication. Installed and maintained Hikvision surveillance systems and NVRs. Deployed diskless systems using CCBoot. Established wireless branch connectivity using Ubiquiti PowerBeam AC. Monitored, configured, and maintained network switches (VLANs, ports, backups). Troubleshot hardware, software, and network issues to minimize downtime. Supported operating systems, applications, and drivers.

Networking Intern **Raya Company**

Aug 2025 – Feb 2026

Applied CCNA-level networking and security fundamentals. Performed network automation tasks using Python. Participated in SOC monitoring, incident response, and vulnerability assessment. Gained exposure to CCNP SP Core concepts and implementations.

Junior Security Analyst **Vultara Inc.**

Aug 2024 – Dec 2024

Monitored security events and alerts using SIEM platforms. Assisted in incident response, investigation, and containment activities. Identified security vulnerabilities and supported remediation efforts. Contributed to improving network and endpoint security controls.

Certifications

IBM QRadar SIEM – Step-by-Step Bootcamp (Udemy)

Cybersecurity Training – AMIIT

IINSIDEOUT: Soft Skills – Network Engineer: GIZ with RTU

Technical Skills

SIEM & Security Tools: IBM QRadar, Security Onion, Wireshark, Kali Linux, Packet Tracer, EVE-NG

Security Operations: Incident Handling, SOC Operations, Vulnerability Assessment, Threat Detection

Networking: Network Configuration & Troubleshooting, VLANs, Firewalls, WAF, Proxy, IPS, EDR, MikroTik, Kerio Control, Ubiquiti

Systems & Administration: Active Directory, Windows Server, Hikvision NVR, CCBoot, Diskless Systems

Programming: Python (Network Automation)
